The Canyon News

Fifty-first Year | Canyon, Texas, Thursday, November 21, 1946 | Number 38

City Paving Is Now Up to the Property Owners

Paving of the streets of Canyon await the action of the property owners.

The contractors announce that they are ready to begin work, but must wait until the property owners either pay cash for the paving, or sign a lien for the pavement.

C. M. Presley has been working on the project, getting the property owners signed up for the paving.

Work has progressed slowly in getting collections from the property owners, or liens against the property which will be benefitted by the pavement.

The city is ready to carry out its part of the pavement, and the next move is up to the property owners. If all property owners will act at once, the pavement can be completed in a few weeks.

Rev. Jones Guest Speaker at P-TA Meeting

"We Americans have much to be thankful for," stated Rev. Robert W. Jones in his talk on "Giving Thanks" to the P-TA last Thursday at the Grade School Library. "We can be thankful that we still have schools where teachers dare to teach what they believe is the truth, despite the low salaries; that no nation is better than another; that common people doing common work make up a nation; that men like nothing better than being good neighbors and following the Golden Rule."

Special piano music was played by Betty Jones, Diane Prichard, Dorothy Neblett and Merle Bullard, who are piano pupils of Mrs. Glen Dowlen and Mrs. Ray McReynolds.

Mrs. E. J. Cundiff, membership chairman, reported 369 members to date. Prizes of $5.00 each went to the following room for having each child represented by a membership: Mrs. T. W. Collins, first grade, Mrs. Stella Murrell's second grade, Mrs. Roscoe Davis' second grade, Mrs. A. K. Goodman's third grade, Mrs. Isabel Cousins' fourth grade, Mrs. A. L. Walsh's fifth grade, Mrs. Mitchell Jones' fifth grade, and Mrs. Cecil Simms' eighth grade.

Mrs. Murrell's and Mrs. Simms' rooms also received a prize of $2.50 each for having the most mothers and fathers as paid members. The prize of $1.00 for having the largest attendance of parents went to Mrs. Roscoe Davis' second grade and to Mrs. Nora Gilmore's seventh grade.

To represent the local P-TA at the Texas Congress of Parents and Teachers convention in Amarillo Nov. 20-22 will be Mrs. J. D. Barker, president, as delegate and Mrs. Dan Sanders as alternate. All other executive members will be voting delegates.

Visual Education to Be Given Saturdays Methodist Church

Rev. Hubert Thomson, pastor of the Methodist Church, has announced a new program of Visual Education, beginning Saturday morning at 10:00 o'clock.

The pastor will show a group of motion pictures each Saturday to the children of the Church School. Educational, entertaining and religious films will be used.

No admission will be charged, and visitors are welcome.

A large group of Methodists met Tuesday night to welcome the pastor back for his second year. A covered dish supper was served under the direction of the Murray Bible Class, Mrs. Gladdis Samples, president. Welcome addresses were made by Arthur C. Haley, Jr., representing the Board of Stewards; George I. Taylor of the Sunday School; Miss Ruth Lowes of the Christian Education committee; Mrs. D. A. Nicholas of the Missionary Society. Rev. Thomson responded.

Group songs were led by A. W. Hawes, and Mrs. Bryan McDonald sang a solo.

Rev. and Mrs. J. J. Sloane and two sons of Loakum, visited last week end in the home of Mrs. Sloane's parents, Mr. and Mrs. A. B. Russell. Rev. Sloane is pastor of the First Baptist Church at Yoakum, and filled the pulpit at the Baptist Church here Sunday.

Mr. and Mrs. William Mathers of Canadian visited Sunday with Mrs. S. L. Ingham. They also attended the recital given by Mrs. Mathers' mother, Charlotte Ingham Word.

Edna Earl Henderson and Cheri Kilchriste spent last week end at the home of Edna Earl's parents, Mr. and Mrs. Frank Henderson of Happy.

New Store Now Open on East Side of Square

Canyon boasts another new store which was opened last week on the east side of the square. It is the National Home and Auto Store, owned by D. R. Weaver, and managed by Curt Samples, Jr. Assistant manager is L. C. Carter.

Weaver was manager of a store similar to this one in Pampa for 10 years. During the war he was a civilian aviation instructor.

National Home and Auto is located at the former location of Cooper's market. The store is open for business now, but will hold its formal opening in approximately two weeks. Weaver is stocking furniture, household appliances, silverware, Christmas toys, automotive parts and accessories, and many other items.

Several Attend Baptist Convention Last Week

The First Baptist Church of Canyon was represented at the Baptist General Convention of Texas in Mineral Wells last week by Pastor and Mrs. Roy L. Johnson, Miss Eula V. Potter, Miss Naomi Adkisson, Mrs. Henry Cone and Mrs. T. T. Fain. These brought informal reports to the congregation last Sunday night, telling of the progress made during the past year in gifts and membership by more than three thousand churches of Texas which cooperate with the missionary and benevolent work of the Convention.

All previous records of enrolled messengers were broken when 3,400 people registered as messengers, and there were nearly twice that many visitors which did not register. The host city was taxed to capacity to care for the crowd.

Officers elected for the new year included Dr. Roy L. Johnson who has served five years as Recording Secretary. In this office he records all the proceedings and edits the statistic section of the Texas Baptist Annual, a book of more than four hundred pages giving reports and facts about the institutions and agencies of Texas Baptists.

Sherman R. Higdon Back in the Army

Sherman R. Higdon has re-enlisted in the army and is stationed with the Bomber Squadron at Roswell.

Mr. Higdon was discharged as a 1st Lieutenant, and was given the rank of S-Sgt. when he re-enlisted.

Sgt. Jesse Bewley, who is in charge of recruiting at Amarillo, stated that about 80% of the enlistments of the Army today are veterans who are taking advantage of the splendid opportunities offered by the army.

WOMEN'S ALL CHURCH CHOIR

The Women's All Church Choir met last Tuesday morning at 10 o'clock in the home of Mrs. Bryan McDonald. The group will meet again next Tuesday at Mrs. McDonald's, at 9:30 o'clock, and all women who are interested are invited to be present.

MARRIAGE LICENSES

Louie Edmond McLaughlin to Frances Hushand, Nov. 13.

William Charles Ewing to Verna Jean Fuller, Nov. 13.

Ronald Cleavinger, son of Norman Cleavinger of Spring Lake, arrived home from Japan on Nov. 11. He will enter Texas Tech next semester to complete his college work.

Buffalo Band to Make 4-Day Trip Amarillo Train

One hundred business men from Amarillo will visit Canyon on Tuesday morning, Dec. 3, arriving at 9 o'clock and remaining for one hour.

The Buffalo Band will join the Amarillo train here at that time and will make the four day trip with the Amarillo booster train, which goes as far south as Lubbock, and then into New Mexico to Roswell, returning home on Dec. 6.

Unless plans are changed, the business men will not come down town while here. They ask Canyon citizens to come to the depot and visit with them during the hour. Mayor W. A. Warren will welcome the visitors to Canyon. Pinky Vinyard, president of the Amarillo Chamber of Commerce, will respond.

While the train is stopped here, forty selected members of the Buffalo Band will load on the train and be ready to play at Happy when the second stop of the trip is made.

Mayor Warren Is Hopeful Airport Settled Soon

Mayor W. A. Warren hopes to secure approval on the new airport this week.

It was necessary to revise the runway plans, and the engineering plans will be taken to CAA district offices at Big Spring this week for approval.

The county and city have completed arrangements for the land on which the airport will be located.

It is believed that tentative approval will be made by CAA as soon as the plans are presented to the district office.

Land was recently bought east of Canyon for the new air field, together with location for the National Guard Company to be located in Canyon.

Capt. Fred Hart Commissioned In Regular Army

A Certificate of Commission was received last week by Mrs. Silas Hart, for her son, Capt. Fred Hart, who is now stationed in Africa. It was sent from the War Department Adj. General's office. This Certificate was the final authorization commissioning Capt. Hart in the Regular Army of the Air Forces, and was sent to his mother since he is out of the States. He has been in the Army since 1941. He attended Canyon High School and received his B. S. and M. A. degrees from West Texas State College.

Happy Birthday

November 22:
Billy Gene Rice
Merle Pitt
Don Paul Johnson
Helen Ackfeld
Donna Caskey

November 23:

Jack Downing
Mrs. John L. Hammond
Leland Graves
Bowie Edwin Wesley
Jack Drake

November 28:
Andy Walsh
L. A. Donnell
Joe Baber
Edna Ann Taylor

Government Will Move Houses Here From Frederick, Ok.

Now that Pres. J. A. Hill, Dean D. A. Shirley and Business Manager Virgil Henson have conferred with M. O. Carder, college engineer who yesterday reported his conclusions on most feasible locations, three new buildings will be imported immediately from Frederick, Oklahoma, Air Field.

First of the group is a warehouse, to be placed north of the athletic field.

For purposes of convenience, the classroom and office buildings will be installed as close to the administration building as possible, but because measurements are not yet completed, the exact prospective locations have not been announced.

With an aggregate floor space of 20,000 square feet, the three frame structures are fully equipped with chairs, tables and desks.

McClure Portrays History Of West for Rotarians

Six-guns barked and Indians toppled in Boone McClure's address to the Rotary Club of Pampa last Wednesday, as he elaborated on the history of present day revolvers and displayed several antiques from the West Texas Museum collection.

McClure related that the Texas Rangers were the first group to use the Colt type revolver successfully and told of the important role it played in the eventual conquering of the Indians.

Added entertainment was furnished with songs by LaNell Ekelund and Ikey Gillespie with Donna Autry as piano accompanist.

Pianist-Composer Presented By Musical Arts Club

An audience of approximately 300 people were held at rapt attention last Sunday afternoon by the piano artistry of Charlotte Ingham Word, as she played a complete recital of her original compositions. She was assisted by Evelyn Bowie of Amarillo, as soloist.

The full rhythm and feeling which Mrs. Word put into her playing made her music come alive for the whole audience. Highlight of the recital was the "Sonata," before which she told the audience, "Every composer wants to write a Sonata and I have written a sonata which I will try to play." This statement was so typical of Mrs. Word's modesty about her own work. The "Sonata" itself was beautiful, and it was extremely well done. Two numbers the composer added to the program were a song written for Tom Knighton, Jr., twelve years ago, and a song written to her son, Bob, when he went into the Navy.

Mrs. Bowie was excellent as soloist.

Mrs. Word was presented in her recital by the Musical Arts Club of Canyon. Many of her compositions have recently been accepted by one of the larger music publishing houses in the country. Her poise and personality, as well as her musical skill, have made her a favorite of musical circles in the Panhandle for many years.

Funeral of Mrs. A. W. Hamill Held on Friday Afternoon

The body of Mrs. A. W. Hamill arrived Thursday night from Kingsville where she has been living for the past 15 years, following the death of her husband. She has made her home with her daughter, Mrs. Raleigh Colson. She died last Tuesday following a short illness.

Mrs. Colson was met here by her two brothers, Keith Hamill of Newton, Iowa, and Hubert Hamill of Fort Worth.

The funeral was held at the Methodist Church, with interment in Dreamland Cemetery by the side of her husband who died in 1928. Rev. Hubert Thomson was in charge of the service.

Pall bearers were Dr. Wallace R. Clark, Dr. L. F. Sheffy, J. W. Shook, C. R. Burrow, Clyde Warwick, and Joe Gamble of Amarillo.

Mrs. C. O. Keiser, the sole surviving sister of Mrs. Hamill, was unable to attend the funeral because of illness.

Baptist Church Host to WCTU Last Thursday

The Woman's Christian Temperance Union met on November 14 at 7:30 p. m. at the First Baptist Church. The hymn, "A Mighty Fortress" was read by Rev. J. R. Sharp. Mrs. J. J. Boling gave the devotional, using the theme "The Great Physician."

The program consisted of a talk by Mrs. J. R. Sharp on "What Approach Shall We Make to the Problem of Alcoholism," and a discussion by Mrs. W. I. Wester on "What Can We Do."

There were 17 new members reported.

The next meting will be at the Methodist Church on December 12 at 7:30 p. m., when Rev. Hubert Thomson will show moving pictures to the group.

Mr. and Mrs. G. E. Locke and daughter of Kilmichael, Miss., visited last week in the home of Mr. Locke's nephew, John L. Hammond. The Hammonds took the Lockes to Carlsbad, N. M., to see the Caverns while they were here.

M. B. Brown and Cecil Briggs returned last Saturday from a hunting trip in the Black Range Mountains near Hot Springs, New Mexico. Each brought back a deer.

Mrs. Tom Harbert and daughters of Dumas are visiting with her mother, Mrs. Catherine Albers.

Thanksgiving to Be Observed by The Canyon News

Next Thursday, November 28, is Thanksgiving Day. The News will observe the day, together with most business firms of Canyon.

Thanksgiving is among the few holidays that The News is able to observe during the year.

All advertisers, reporters and correspondents are asked to get their copy in early next week in order to assist the News staff in taking this holiday.

Thank you!

Thanksgiving to Be Observed by Local Community

The annual community Thanksgiving service will be held Thursday, November 28th, at 9:30 a. m. at the First Baptist Church auditorium with Rev. Hubert Thomson of the Methodist church bringing the annual message. Appropriate music will make this hour of Thanksgiving worship most helpful to all who attend, and all are invited.

In other years this service has proved to be most interesting and this year should prove no exception. It is sponsored by the Canyon Pastor's Association.

Saturday To Be Sister Kenny Day In State of Texas

Saturday, November 23, has been designated Sister Kenny Day in Texas, in a proclamation issued by Governor Coke R. Stevenson. Campaigns now being conducted in more than 150 Texas counties will put forth special efforts to complete their county quotas on this day and make their reports to State Headquarters at the Driskill Hotel in Austin, it was announced by George C. Francisco, Jr., of Houston, Chairman of the Texas Chapter, Sister Elizabeth Kenny Infantile Paralysis Foundation.

Chairman Francisco has announced the Texas quota as $150,000. These funds will be used in training technicians, and building up a fund which will be used in establishing a Kenny clinic in Texas where the Kenny method of treating polio, the most successful yet known, will be available to all victims.

The picture, "Sister Kenny," in which Rosalind Russell plays the role of the famous Australian Nurse, will be shown in more than fifty Texas towns during the first week in December.

M. C. Sanders Found Five Leaf Clover

M. C. Sanders says that he has found many a 4-leaf clover, but found a five-leaf clover the other morning.

This is the first time that he has ever seen such a clover, states Mr. Sanders.

Guests in the home of Mr. and Mrs. M. B. Brown last Sunday were Mr. and Mrs. Clyde Day from Houston, Dan C. Day from Floydada, Mr. and Mrs. Buck Word and Marlin from Hereford, Mrs. Clayton Day and Ronnie from Childress, Mr. and Mrs. Hank Decker of Canyon. Clyde Day, a brother of Mrs. Brown, is leaving for Guam where he will be with a Civilian Construction Crew, and Mrs. Day will follow as soon as possible.

Mr. and Mrs. Cas Jennings have been visiting their daughter in Fresno, Calif. for the past few weeks, and were on their way home when Mr. Jennings became ill and was put in a hospital in Phoenix, Arizona. He is reported better now, and is expected home by the last of the week.

S .H. Jones was in O'Donnell Sunday to attend the funeral of his cousin, E. J. Tredway. Mr. Tredway lived in Lubbock and the funeral was held at O'Donnell. He had visited here often at the Jones home and was well known by many Canyon citizens.

C. V. Lowe visited on Monday and Tuesday of this week in the G. B. Combs home.

J. W. Shook left Friday for Pearl, where he will visit a few days with his brother who is ill.

Discharged

Audrey Frank Smith was discharged from the Army on November 6. He had been in active service since January 26, of this year.

Howard Fuqua was officially separated from the United States Army on October 28. He served overseas in the occupation troops for 11 months and 5 days. At the time of his discharge, he held the rank of T-4.

President J. A. Hill In Appeal To Randall County Citizens For Funds to Complete the Chapel

President J. A. Hill is anxious to let a contract on the construction of the new college chapel early in 1947. He lacks about $15,000 of having a sufficient amount to complete the building.

Dr. Hill issued the following statement Tuesday to the people of Randall county:

To the People of Canyon and Randall County:

The season of giving is at hand and we are taught that it is more blessed to give than to receive. Those of you who have not given to the West Texas State Chapel campaign should do yourself the favor of making a generous contribution now. There is no finer cause to which you can contribute. Some $15,000 or more are still needed to do this job as it should be done. Some of you have already done nobly and I am sure that many more will do so. Let's show the people of the Panhandle that Canyon and Randall County are behind this project and are willing to spend their money for the improvement and enrichment of the youth on our college campus.

Fraternally yours,
J. A. Hill.

P. S. Remember, gifts to this cause are deductible from your income tax.

T-4 Boehning Back From Japan On Terminal Leave

T-4 Lawrence Boehning, son of Mr. and Mrs. W. F. Boehning, returned home Monday. Boehning has been in Japan for the past year, and landed in the States at San Francisco, California, October 31. While in Japan, he was stationed most of the time in Tokyo and worked as teletype operator in General Headquarters.

He has been in the Army 19 months, and will be on terminal leave until December 12, at which time he will be discharged from the Army.

Robert Orton Made Talk on China at Rotary Luncheon

Robert Orton, former captain in the Army Air Force, talked at the Rotary Club Tuesday on his 18 months spent in China, and showed 50 of the 300 colored pictures which he took while stationed at Chengtu. The program was in charge of Alfred Bellah.

Mr. Orton was with the weather department of the army. Five American army air fields were built by from 200,000 to 300,000 Chinese laborers. This section was not bombed often by the Japs, and under the perfect spy system of the Chinese the Americans were always warned four or five hours in advance of the bombing raids.

This section is one of the best of China. Twenty-two centuries ago a Chinese engineer built a series of dams which have checked flood waters and furnished water for irrigation. There are neither floods nor drouths. The section has a population of 2,000 to the square mile.

The pictures showed a everyday life of the Chinese in that section.

Two new members were introduced by Lee Johnson, Dr. Crannell Tolliver, head of the Speech Department of West Texas State, and Glenn McKenzie, concessionaire at Buffalo Lake.

Visitors were: A. L. Grabbe of Canyon; Rev. J. J. Sloane of Yoakum; Rev. A. B. Haynes, now of Canyon but member of the Littlefield club; A. D. Steed, Harry M. Bainer, Arch Hunsley, Hubert Dowell, E. Kancher, Forrest Barnes, R. E. Wertz, all of Amarillo.

Mr. and Mrs. Omer Kirk of Floydada were guests Sunday in the home of their son and daughter-in-law, Mr. and Mrs. David Lane Kirk.

Mr. and Mrs. William C. Harter visited last week end in the parental Charles Harter home.

New Wiring of Court House to Improve Lights

The court house is being practically rewired for power and lights, states County Judge A. H. Hunt.

A new line has been run to the court house by Lorenzo Wirt, which gives adequate light and power for the building.

Conduits throughout the building are being installed and heavier wire installed to carry the load.

Judge Hunt says that the lights for the building have greatly improved since the heavier wire was installed.

This is the first time that new wiring has been installed since the court house was built 38 years ago.

* * *

Write to Citizens

DR. J. A. HILL

Dr. J. A. Hill addresses the people of Randall county, asking for support in the erection of the College Chapel.

Stork Specials

Mr. and Mrs. J. H. Bayne are the parents of a baby girl born November 14.

A daughter was born to Mr. and Mrs. O. L. Fisher on November 17.

A son was born on November 19 to Mr. and Mrs. John Bryan.

Mr. and Mrs. Carol Lane are the parents of a baby boy born on November 20.

Mr. and Mrs. R. E. Barnard have a new son. He was born November 20.

A daughter, Brenda Jane, was born on Nov. 8 to Mr. and Mrs. M. E. Cleavinger, Jr. of Stratford. The baby was born at Northwest Texas Hospital in Amarillo.

Thanksgiving Was Founded Because of Health Conditions

The first Thanksgiving Day in this country was proclaimed for the purpose of expressing thanks not only for the bountiful harvest which the colonists had reaped but for the sturdy health and endurance that had permitted them to survive the hardships and exposure, that first rigorous year in America. On the occasion of this Thanksgiving Day the State Health Officer, Dr. Geo. W. Cox, is appealing to every citizen of Texas to give serious thought to the preservation of his own health and that of his community.

"We have much to be thankful for in that our national health level has remained high despite the nervious tension, the sacrifices, the depressions of a post-war period," Dr. Cox state. "Our people have maintained a remarkably high health level and even under existing conditions, Texas has shown a continued decline in maternal and infant deaths.

"The people of Texas have reason to be thankful for the steadily increasing interest and cooperation being shown in matters pertaining to general sanitation and the control of communicable diseases," Dr. Cox asserted. "Responsibility for advancement of the public health program lies not with the State Health Department primarily but with the people who support and encourage the local community efforts exerted and who apply in their own individual lives the health rules with which they have become acquainted through public health education."

Dr. Cox pointed out that one direct result of public health efforts in this nation has been the lengthening of the normal life span by more than 15 years.

"Certainly this is something to be thankful for and it should lend incentive for further efforts to promote and maintain community as well as statewide public health programs.

Canyon Child Is Polio Victim

Wayne Hawkins, son of Mr. and Mrs. Hamil Wilson, became ill Sunday with polio. He was taken immediately to the Polio Clinic in Plainview, and at the last report, the little fellow was doing fine.

Visitors in the home of Mr. and Mrs. A. H. Prichard last Thursday were Mr. and Mrs. W. W. Coil and Patsy Lea, of Denver, Colo. Mr. Prichard and Mrs. Coil are sisters.

Mr. and Mrs. J. B. Collins and son, Thomas J., of Albuquerque, New Mexico, visited with Mrs. T. W. Collins last week end.

Grady Rogers, a Registered Pharmacist, is a new employee of Canyon Drug. Rogers comes to Canyon from Pampa.

Claude Goldsmith was in town Monday, from Plainview. He formerly instructed with Canyon Aviation Service.

Editorials

We see by the new dealers of the South claim that the Republicans won the election because the Democrats left the party and went to the Repubs. Yes, sir, they even say that the revolting Demos of Texas caused the downfall of the party. These fanatics fail to show where GOP won in any district of the South. Furthermore, they overlook the fact that most of the northern states are normally Republican, and that Roosevelt won only because of the dissatisfaction of the Republican voters with Hoover. They further refuse to see that the Repubs won in 1946 simply because the new dealers thought they could continue bossing the people around as they did during the war. Let's be sensible in politics. Any political party is riding to a fall when it seeks to become the prevailing dictator over the voters. Americans will not stand for such foolishness. Furthermore, we just as well admit that when 1948 comes around, unless the Republican Congress makes a mess of things during the coming two years that GOP will sweep the nation and elect the President.
Again there will be no one to blame but the new dealers who have been seeking to ride the American people for their own political benefit.

Owners of rent property throughout the nation are up in arms and threaten to strike in order to secure the release from control of all rent property. In many towns property owners are holding rent property vacant in an effort to kill OPA. Property owners may or may not be justified in this movement. The facts are that rents generally over the nation are too low. Here in Canyon, rents, that is, rents when you can find anything to rent, are far too low. The price was set on the basis of depression rents. At that time owners of property were willing to rent for any price they could secure. In the meanwhile real estate values have soared, and taxes have increased. Property owners are due for an increase, in such cases. This may not be the case in all instances. We hear of fabulous rents being collected in towns where war plants were located. OPA did not seem to do much about rents in those cases. Owners of property in small towns have tried to live by the spirit of the law, and therefore were the victims of circumstances over which they had no control. We have no idea as to how successful this revolt against rent control will be. We fancy the next Congress will have this baby tossed in its lap. Just how the Repubs will feel about the situation has not been disclosed. Maybe the problem will be a hot potato which the President will hand to the new Congress.

A bank down at Austin comes out with a big advertisement advising the people that there are too many banking holidays. In this we agree. On the whole we believe that too many holidays are being observed by business generally. Maybe we feel this way since we are engaged in the newspaper business where a day lost is a day absolutely lost. It takes just about seven days per week of any newspaper man to keep up with his work—and very few of them are keeping up with the work in these times. But the banks have set the pattern for a multitude of holidays which are useless, to say the least. Maybe the bankers' association will get together some day and reduce the number of holidays to those which are absolutely essential.

The President and Republican leaders in Congress agree that it is necessary for them to get together and put on a constructive program. How long will the honeymoon continue? Not for a long time, we predict. In the first place, Truman will be unwilling for the Republicans to have any of the credit; and the Republicans are going to make certain that the President does not receive undue credit for this harmony. As a result, hair pulling will probably continue during the coming two years. However, Truman is of a more charitable disposition than Roosevelt, and having served so long in the Senate, he may be willing to get half a loaf than no loaf at all. We hope for the best.

We are quite certain that the new Congress will revise the unfair Wagner Labor Act. Of course few people in Randall county know much about this infamous law, but it is time that we wake up. It is a CIO baby, in which the employer is a criminal whenever an employee charges him in court. This is a case in which the employee is always right, and the employer has no rights in the case. CIO controls the Labor Relations Board. Just ask any lawyer who has had a case before this board if you doubt our word. But the people of Randall county should be interested in the revision of this law. CIO is now trying to organize all employees of every line of business in the nation; and to include all teachers; county, city and state employees. Unless Congress stops the operations of CIO not a single business man or farmer, or public official will have a word to say about the operation of his own affairs. That's the way CIO runs things. Just ask any corporation what happens to it when CIO steps in. You will then understand why labor lost so many henchmen at the recent election.

The Republicans will have a definite legislative program by January. Among the present plans is to reduce federal taxes 20%; and to fire a million unnecessary federal employees. So far as taxes are concerned, we thing that the Republicans will make a great mistake to reduce taxes too much until the national debt is greatly reduced. As to the firing of a million employees, naturally the axe will fall on the necks of good Democrats—and their jobs will be filled by good Republicans as soon as it looks decent to make appointments. After all, the Repubs are no different than the Demos when it comes to wanting to eat at the expense of the public. The trouble is that the Demos got there while the troughs were full and the eating was good. The war cleaned out a lot of this good grazing.

Babson predicts that the peak of real estate prices has been reached. We venture this assertion: Good real estate is always a good investment for the person who has the money to buy, and is in position to profitably use the real estate. But we do not know of a more useless investment than to gamble on property, especially at prevailing high prices. If you will drive around any large city in the Southwest you will find hundreds of houses under construction. The builders are taking the gamble that they will be able to unload before the crash comes. But as sure as the world is round, some one will be holding the sack on this construction. All of this building is of inferior materials, and when the bottom falls out these houses will not be worth 10 cents on the dollar.

The nation is becoming very excited over the teacher situation. Only a few years back we used to hear members of school boards and legislators say: "Let 'em quit, if they do not like the pay; others will want the job." This is no longer the truth. Too many teachers have quit because they could get better jobs. If education is worth anything—and no one will deny that education is the foundation for the greatness of America—we must have the best teachers. We cannot have good schools unless we have good teachers. No teacher should be silly enough to continue serving the public in a capacity which pays a starvation wage, when he can increase his earnings in other lines. America is thinking seriously about the problem which is nation-wide.

We wonder what the Republican Congress is going to do with John L. Lewis and Petrillo. Both have consistently defied the government, and continued to get away with it. So far as the little music clown is concerned, it makes no difference; but when it comes to Lewis every American is affected. Industry cannot survive without coal; and the people cannot live long without industry. Lewis is a master when it comes to getting what he wants at the expense of the public. We imagine that the President will play along with Lewis until Congress meets and then tell the new Congress that the problem belongs to it. That will be something for the Republicans to chew on.

Judging from the way some Americans feel about the trials of the Nazi criminals, we have little hope for the prosecution of American war criminals. We say "criminals" advisedly. We believe that any American who profited by the war at the expense of the American fighting men and the American people are criminals of the worst type. The men who fought the war are going to be called upon to pay a large part of the national debt of $2,000 for each man, woman and child, because of the high costs brought on by profiteering. There is no way to avoid this.

A lot of talk has made the rounds about limiting the tenure in office of the President of the United States. The Republicans come forward with a proposal which we hope will be adopted—to limit the tenure to eight years. It makes no difference which party furnishing the President, he is going to spend most of his time playing politics in order to stay in office. If he knows during his second term that he cannot be elected for a third term, he will be in position to give much better service to the people.

We have heard some ardent new dealers mourning that we shall have another Hoover depression. Good Democrats like to forget. New dealers forget that Hoover had no more to do with conditions of his day than did Roosevelt, when the greatest Depression of the nation continued for years. Conditions make presidents; not presidents make conditions.

We have often been told that packing houses use part of the hog, except the squeal. We now see that the oil companies are about to manufacture "soapless soap," made from the by-products of oil. Our admiration for the free American way of life increases when we see the ingenuity of Americans, when they are left alone to work for the benefit of the American people. You may be washing in oil one of these days—and liking it.

Business men are worried. So many standard brands disappeared when OPA made it impossible for the manufacturers to continue operations. In the place of standard articles have appeared thousands of unbranded and unknown articles, which sell at higher prices, but without guaranty. Just when will we get back to normal in this country?

The Russians joy in giving the capitalistic system of America unshirted hell. But they have never refused to accept our loans—and continue to beg for more—which they never expect to repay.

"Today is the tomorrow you worried about yesterday," said the optimist. That's right, and did we have reason!

Globe Swift Tops In Present Day Civilian Planes

If you're interested in buying a civilian plane, or if you're just interested in riding in a real little airplane, you should take the trek out to Canyon Aviation and try out that new Swift. It has all the gadgets of a big ship, and handles in the air and on the ground, beautifully.

Everything operates with switches, including the two-way radio, the landing gear and flaps. The landing gear and flaps both operate hydraulically, and with a landing gear as sturdy as the one the Swift possesses, you need never worry about bringing it in on dirt and grass fields. The ship is all metal, too, which gives one an awfully safe feeling about it. On take-off, it develops quite a bit of torque, which isn't unusual, however it seems to be a bit more pronounced than most ships its size. After you're off the ground, you can fly it and make perfectly coordinated turns by only using the wheel, and taking "feet off" the rudders. For most pilots it's pretty hard to keep those feet off the rudders, and most of them won't, but it's entirely possible to fly the Swift with your feet on the floor. And this means in complete stalls as well. You still have full aileron control when the ship is in a full stall. This is an unusual feature to most pilots who have been taught never to use aileron in a stall. The Swift stalls at around 44 miles per hour and cruises right at 140 mph.

It has a rather steep glide angle, and when the flaps are dropped, you get a very definite reaction as on large ships. It comes right down to the ground and lands, and if you're ready to land it's fine, and if not, you'd just better be, because that Swift really pays off in a hurry.

All in all, it is a sweet-flying little ship, and priced very reasonably for all the equipment it has. Its only criticism is that it is only two-place, but all the good features make you forget about that. Go out to Canyon Aviation and see the Swift demonstrated. Who knows, you might get a demonstration ride!

Burton, who is with American Aviation Insurance, was here last week to see the Swift. He is interested in buying one, and was most impressed with the Swift.

GROUND SCHOOL

Ground school classes started this week for the non-college veterans, and E. H. Lindsey announced that the classes will be held on Monday and Friday nights at 7:00 o'clock in Room 104 of the College Administration Building. Anyone interested in taking the flying course later, can go ahead and get ground school in now. Ground school classes for the college veterans are still being held on Tuesday nights at 7:30 in Room 104.

NEW AIRPORT

It looks as if Canyon is going to be the proud possessor of a new airport before very long. The officials that be, hope to get full approval this week. The land for the airport site was verbally approved by CAA some weeks ago, but the county and city have just completed the necessary arrangements for the land. It is hoped that the ball will start rolling on this project now, and that CAA will give full written approval right away.

Canyon can handle an airport of this size, and can be one of the leading aviation towns in the Panhandle, if everyone in town will cooperate in trying to make the best airport possible, and not back away because it's an airport. Aviation is coming of age and the sooner towns the size of this one realize it, the farther out front they'll be. The location is perfect being close enough to the college for the use of college students. And if the airport can get the full cooperation of the college and townspeople alike, the publicity which it can bring to Canyon will be invaluable.

DEFINITE PURPOSE

First Boy: Why do you wash your face with such smelly soap?

Second Boy: I want Mom to be sure I've washed it.

STANDS CORRECTED

"The only difference between you and a horse is that a horse wears a collar."

"But I wear a collar, too."

"Then I'm wrong; there's no difference."

Bill: What is heridity?

Al: Something every man believes in till his own son begins to act like a fool.

Whiteway Plan To Light Campus

City Will Cooperate In Extending System To Stadium, Pueblos

From the office of Pres. J. A. Hill this week comes news that may be somewhat gratifying to late homeward plodders who must stumble over unseen objects and brave Stygian-like darkness as they traverse newly opened, outlying sections of the campus.

City and school will cooperate in extension of facilities to penetrate the night-time blackness in now unlighted portions of college streets and sidewalks.

After Canyon officials have approved expanding the present system from Fourth Street to Cousins Hall, West Texas will then take the whiteways out to the Pueblos and back through Buffalo Courts.

In addition, regular street lights will be installed behind Buffalo Stadium.

All maintained by the owners, Southwestern Public Service Company, campus lights are leased by the college.

What is known as a whiteway, adds Dr. Hill, is the plan most prevalent here, whereby ornamental standards are used on either side of the thoroughfare.

Men Vacate Burton As Team Moves In

To allow space for the basketball team to begin belated practice, all men have been moved from Burton Gymnasium, Milton Morris, housing manager, announced Wednesday.

They have been transferred to the West Texas high school gym, some to the barracks, the swimming pool, and Buffalo Courts.

Previously there had been 75 in the high school gym, 54 in Burton, 45 in Terrill Dining Hall, 14 in the swimming pool and 40 in Terrill Hall, Mr. Morris revealed. He also explained that as soon as the new housing units are completed, all men will be moved from the gyms.

Study space, Room 211 and the Graduate Reading Room, has been opened to the boys because of lack of sufficient places to study in the gymnasiums.

For recreation, the girls' gym and the student union have been acquired. Ping pong and basketball are played most frequently. One night per week the indoor swimming pool is open for the men.

JUST THAT

Hubby: I suppose I'm lucky to get bacon and eggs for breakfast, but I'm pretty tired of it.

Wifie: Well, dear, you've a change this morning.

He: Thank goodness. What is it?

She: Only eggs.

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of November 24, 1921)

The Randall County Commercial League elected the following officers for the coming year: C. H. Jarrett, president; O. N. Gamble, vice president; W. A. Warren, secretary; directors, Dr. J. A. Hill and Clyde Warwick.

E. C. Perkerson, clerk in the City Pharmacy, was declared "dead" by the war department, and a check for $5,000 was mailed to his mother. About the same time notice on his insurance premium was mailed to him, which he had paid before the check arrived.

The college football team cancelled a game with Wayland when informed that Wayland did not have a sufficient number of players, and would have to play six or seven town men.

Frank R. Jamison resigned as secretary-manager of the Panhandle-Plains Chamber of Commerce to become manager of the Amarillo Tribune.

Joe Foster traded the Normal Grocery to Rhea Robbins for land near Portales.

A son was born to Mr. and Mrs. Joe Bedenk.

Fires at the Cowart and Lightfoot homes did $6,000 damage.

Mempers of the Buffalo football squad are: Dan Sanders, Capt., of Wheeler; Otto Studer, Canadian; J. Frank Catterton, Canadian; Clyde Gordon, Mountainview, Okla.; Chas. Byrd, Snyder; Clyde Whitacre, Hale Center; Blake Bolton, Wichita Falls; Delbert Bivens, Tulia; Grady Burson, Silverton; Fritz Benson, Hale Center; Clifford Henry, Portland; Howard Lemond, Hale Center; Foy Terry, Joe Lancaster, Ira Jenkins, Paul Stewart, Everett Key, Barto Johnson, Carl Scott, all of Canyon; Otis Mitchell, Floydada; Roy Golden, Snyder.

Revised Finance Plan

We received information from Federal Reserve System regarding the Revision of Regulation W- Consumer Credit, which may be of interest to our customers.

Effective December 1st, 1946, the Board of Governors has to day revised Regulation W by confining it to installment credit and centering it on the purchases of major durable goods.

The list of durable goods to which down payments and maturity requirements apply is reduced from 36 categories to 12.

A uniform maximum maturity of 15 months is established for all new installment credits, whether they arise from sales or loans.

The list of articles to which down payments and maturity requirements is as follows:

33⅓ per cent down

Automobiles
Refrigerators
Cooking stoves and ranges
Washing Machines
Ironers
Dishwashers
Air Conditioners
Radios and Phonographs
Sewing Machines
Suction Cleaners

Many Hesse Jewels Still Are Missing

Thousands of Pieces Are Checked by Countess.

FRANKFURT. — The Countess Von Hesse and relatives said that a considerable number of the multi-million dollar Hesse crown jewels still were missing despite the recovery of a vast amount of the stolen treasure in the United States.

Col. J. W. Durant and his WAC captain wife, the former Kathleen B. Nash of Chicago, and Maj. David F. Watson of Burlingame, Calif., are being held in connection with the case.

The countess, 74, a granddaughter of Queen Victoria, spent a day with her family checking over the recovered family heirlooms. The jewels were displayed on two black tables 18 by 12 feet in size. The gems had been stolen from Kronberg castle last November.

Armed guards stood at the doors of the United States headquarters building where the jewels were checked by the countess, Princess Sophie of Greece, formerly her daughter-in-law, and Princes Philip von Hessen and Wolfgang von Hessen. The titled group identified thousands of pieces individually.

The countess, who resembles her famous English grandmother, passed from jewel to jewel saying "This is mine" or "this is yours."

At one item, Countess Von Hesse remarked: "This was the Bible and Prayer Book of Queen Victoria, and these bound volumes were letters written to Queen Victoria by her daughters."

Identification of thousands of loose diamonds, emeralds, rubies and sapphires glittering on the table probably is impossible because they have been hammered from their settings.

Not all the displayed diamonds and treasure were stolen from the buried box in the cellar of the Kronberg castle. Silverware and other items were taken from the rooms of the castle after it was converted into an army officers' recreation center last year.

Cripple Finds Good Profit in His Hobby

SEATTLE. — Hugh Cooney, former merchant seaman, was injured in a dockside accident at Seward, Alaska, five years ago and he has been riding a wheel chair ever since. His spine was crushed and doctors told Cooney he would never walk again.

But flies, fishing flies, that is, have given Cooney a new lease on life.

More than a year ago, after instructions from members of the Washington State Fly club, Cooney got started in the business of making fishing flies.

He has a complete workshop beside his bed in Seattle's Marine hospital and now supplies 20 sporting goods stores with the lures.

"I manage to turn out from six to eight dozen flies a day," Cooney said. "The orders keep rolling in. I've even got my mother and one of my hospital buddies helping me."

MacArthur Food Plea For Japan Is Disclosed

WASHINGTON.—Congress learned that the food situation in occupied Japan is such that on one occasion General of the Army Douglas MacArthur telegraphed General of the Army Dwight D. Eisenhower.

"Send me food or send me soldiers and if you do not hurry up you will have to send both."

This message from the supreme commander in Japan was quoted by Eisenhower, army chief of staff, in testimony on the regular military money bill, made public by the senate appropriations committee.

Heeding Eisenhower's plea, the senate committee restored to the bill $150,000,000 the house had trimmed off a budget-approved fund of $500,000,000 for government and relief costs in the occupied Axis countries.

Ancient Mariner Haunts British Naval Barracks

CHATHAM, ENGLAND. — Sentries at historic St. Mary's naval barracks have asked that the guard posts be doubled. They complain that the "ghost" of an ancient mariner with a wooden leg, wearing the uniform of Lord Nelson's time, has been haunting the ramparts during the midnight watch.

Naval officers said the long corridors beneath the stone ramparts probably were causing a weird acoustic effect as sentries patrolled the lonely stretch atop the old barracks, built in 1787.

Charges Pepper Lack Is Caused by U. S. Agencies

BALTIMORE, MD.—John N. Curlett of McCormick & Co., Inc., attributed the United States shortage of black pepper to "government agencies charged with handling it during the war."

He said agencies have "missed opportunity after opportunity to bring black pepper into this country, using as an alibi the war and price control" and "ignoring suggestions" by the spice industry.

To prevent the rusting of needles, keep them in a small bottle.

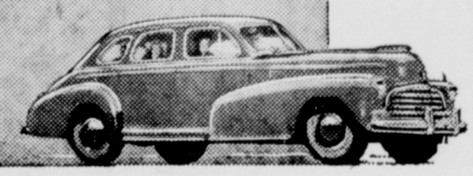
Continue to follow this wise rule on "the two most important cars to you"

Protect
YOUR PRESENT CAR
with our skilled service

SUPER CHEVROLET SERVICE

You'll find it pays in *all* ways to get skilled service, now and at regular intervals, at our modern Service Headquarters! For this will help to assure you of *dependable* transportation day after day—prevent serious breakdowns—save you the high cost of major repairs—and maintain the resale value of your car. Remember—our skilled mechanics, using factory-engineered tools and quality parts, are members of America's foremost automotive service organization. Come in—*today!*

Pending delivery of
YOUR NEW CHEVROLET
giving BIG-CAR quality at lowest cost



You'll be well repaid for your patience in awaiting delivery of your new Chevrolet! It alone brings you Big-Car beauty, Big-Car comfort and performance, Big-Car quality at lowest cost. And even though we can't tell you *exactly* when we can make delivery of your new Chevrolet, we *can* tell you that we are delivering cars as fast as we receive them from the factory—that we'll make delivery of your new Chevrolet at the earliest possible date—and that your patience will be well rewarded when you experience its *Big-Car quality at lowest cost.*

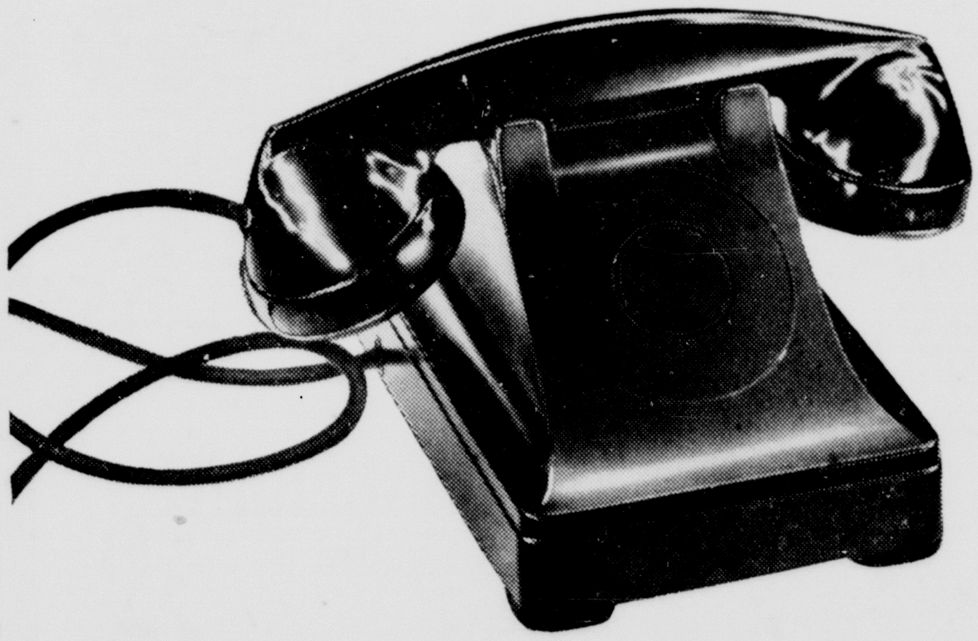
CHEVROLET STILL LOWEST IN PRICE

The new Chevrolet lists a price *substantially lower* than that of any other car in its field. This saving is *big enough* to pay for many a service on your present car.

Imperial Chevrolet Co.

"Communists in the unions are doing more than anyone else to foul labor's nest."—The Labor Union, Dayton, O.

"The right of labor to strike as a last resort cannot be denied. Likewise the right of an employer to close a business if it cannot be operated properly and profitablly, is an equal right."—Board Chairman P. W. Litchfield, Goodyear Tire & Rubber Co.



Progress on getting telephones to those waiting

Every day we're making progress on the big telephone job to bring service to the people who want it. New applicants keep the waiting list long, but as new equipment is placed in operation, we're able to put in telephones for those who have waited longest.

It's not a short or easy job, but we're hard at it. We are working at getting telephones for not a few persons or a few towns, but . . . for more than 230,000 persons . . . living in some 700 towns . . . in five states. . . .

"Getting telephones" means making and shipping and installing switchboards and other telephone equipment, stringing wire and splicing cable, setting poles and placing conduit, and all the rest that adds up to a telephone system.

All over the United States people are waiting for telephones. Thus we get only our fair share of the new telephone equipment being made for all of the 48 states. Raw materials the factories work with—copper, lead, rubber, cotton—are just as scarce as many of the hard-to-get things you yourself need these days. That's why getting telephones in takes longer today than we like.

That isn't normal, and it won't last. One of these days we'll be putting in telephones again the day people want them installed. Everyone who wants a telephone will have one, and service will be better than ever.

Meanwhile, the best way we know to hurry that day along is to work hard—harder than we once believed we could work—and make that badly needed telephone equipment faster than it has ever been made before. As you read this, 100,000 workers in telephone factories—an all-time high—are doing that. They are making telephone equipment in far greater volume than ever before. That's the best answer to a shortage that we know.

SOUTHWESTERN BELL TELEPHONE COMPANY

MRS. UPCHURCH HOSTESS TO ZITA CLUB

Zita Club held its regular meeting at the home of Mrs. J. P. Upchurch, on November 12. Eleven members were present. The meeting was called to order by the president, Mrs. Wayland Angel, and the group sang a few songs.

Mrs. D. C. McCormick gave a council report, and Mrs. Forrest Gruner gave the food demonstrators report. All members had excellent reports. The meeting was then turned to the program leaders, Mrs. B. E. McCormick and Mrs. Michael who conducted a quiz program.

Refreshments of chicken salad sandwiches, pickles, cherry pie with whipped cream and coffee were served to Miss Lou Ella Patterson, Mrs. Forrest Gruner, Mrs. H. D. Rose, Mrs. B. E. McCormick, Mrs. Marshall Rockwell, Mrs. H. R. Fulton, Mrs. D. C. McCormick, Mrs. Wayland Angel, Mrs. Ralph Ruthart, Mrs. E. A. Michael, Mrs. W. E. Bennett and the hostess, Mrs. Upchurch. Nancy McCormick was a guest.

The next meeting will be with Mrs. Michael with a covered dish luncheon on November 26 at 12:30 o'clock.

HIGHLAND 4-H CLUB MET ON WEDNESDAY

The Highland Senior 4-H Club of Wildorado met on Wednesday, November 13. The girls worked on their pillow cases and scarfs, and Mrs. A. N. Green, sponsor, gave a talk on the meaning of the 4-H club. Plans for the Christmas party were discussed and it was decided to have the party December 18. Refreshments were served by Georganna Cretsinger and Frances Boling, to Alice Galbraith, Ardella Atchley, Frances Boling, Maurine Atchley, Marie Galbraith, Mary Milhoan, Margaret Batenhorst, Joan Fulton, Laquita Cribbs, and Mrs. Green.

PRESBYTERIAN AUXILIARY HOSTESS TO GUILD

The Presbyterian Auxiliary met in the home of Mrs. C. R. Burrow on November 12. The Auxiliary members were hostesses to the members of the Presbyterian Guild. Mrs. O. J. Lass reviewed the book, "The Brother," in a most interesting manner and it was enjoyed by everyone present. Refreshments were served to 30 guests.

MRS. SERENA BRYAN HOSTESS TO FAIRVIEW 4-H CLUB

Mrs. Serena Bryan was hostess to the Fairview 4-H club on November 15. Supplies and materials for bedspreads which the girls plan to make, were discussed.

The meeting was called to order by the vice-president, Naomi Bryan in the absence of the president, Mary Edna Wise.

Refreshments were served to Etta Jean Sharpes, Billy, Mickey and Naoma Bryan, Mona Beth Gillham, and Annabel Schaeffer and the two sponsors, Miss Evelyn Schaeffer and Miss Vesta Amerson.

MOST MOTHERS DO THIS

If Baby Has A Cold

AT BEDTIME rub throat, chest, back with VapoRub. Relief-bringing action starts instantly . . .

WORKS FOR HOURS while child sleeps to relieve coughs, muscular soreness and tightness.

Best-known home remedy you can use to relieve distress of children's colds is comforting Vicks VapoRub. Even while you rub it on, VapoRub starts to work to ease distress . . . and it keeps on working during the night. No wonder most mothers always do this when a cold strikes. VICKS VAPORUB

Mrs. R. Holland Honored at Post Nuptial Shower

Mrs. Robert Holland, nee Jean Truax, was honored with a post nuptial shower last Wednesday in Perryton. Mrs. Glenn Truax, mother of the recent bride, went to Perryton to attend the shower.

Guests called during the afternoon from 3 o'clock to 5:30 o'clock. The table was topped with a lace cloth, and tea was served to the guests from the silver service by Mrs. Haskell Holland.

Hostesses for the tea shower were Mrs. G. L. Patton, Mrs. Luther Wade, Mrs. Pearl Wade, and Mrs. P. E. Gidley.

H. D. COUNCIL HELD STUNT DAY LAST WEEK

Registration for Stunt Day of Home Demonstration Club members began at 9:30 o'clock at the Education Building with 7 clubs from the county represented. West side Club had the honor of having the largest number of club members present.

Mrs. L. A. Pitt, recreation chairman, presided and the Stunt Day officially began at 10:00 o'clock. Mrs. Clayton Watkins, Jr. from Greenhaven Club directed a sing song.

The Westside Club presented "Cornfed Babies" which is a farce about a young husband, who secured two raises in salary on the strength of whoppers told his employer about the birth of two alleged offsprings. He finds himself in hot water when the boss suddenly pays he and his wife a call to see their ficticious babies. The cast included Mrs. B. A. Burrus, Mrs. R. A. Burrus, Mrs. J. J. Wright, Mrs. W. L. Avent.

The Ralph Club presented "Going to the Country Fair," a stunt that took "paw," "maw" and all the kids to the Fair in Amarillo. After this stunt the group adjourned for lunch. After lunch, the Zita Club presented "Zita Magic," a stunt of magic that turned various club members into the person they wished to be.

Park Club presented Barbara Ann Winter who played a number of piano selections.

To conclude the stunts, the Edgetown Club presented a Thanksgiving Play. The cast for this play included Mrs. John R. Sharp, Rev. J. R. Sharp, Joyce and Norma Dean Thurman and Joy Oldham.

PLEASANTVIEW CLUB MET WITH MRS. BURTZ

The Pleasantview Home Demonstration Club met Thursday, November 14, in the home of Mrs. Earl Burtz for its "Home Food Supply" Achievement.

Mrs. Burtz, as demonstrator, gave a most interesting report of her year's work. This included the remodeling of her kitchen, equipment added, experiments in the planting of fruit trees and berries, gardening, canning of fruits and vegetables, poultry, and planing of meals.

Mrs. A. B. Haynes, Jr., conducted the recreation program of songs and games.

Refreshments of sandwiches, individual pumpkin pies with whipped cream, and coffee were served to guests: Mrs. G. B. Loudder and Mrs. Earl J. Davis, and members: Mrs. Bob Robbins, Mrs. J. H. Barrett, Mrs. R. N. Cook, Mrs. Ethel Dooley, Miss Lou Ella Patterson, Mrs. Crisler Crain, Mrs. Joe Carver, Mrs. W. L. Browning, Mrs. John Jennings, Mrs. A. B. Haynes Jr., and Mrs. Burtz.

MRS. ALBERS ENTERTAINED FRIENDS SUNDAY

Mrs. E. H. Albers entertained a group of friends and relatives Sunday afternoon in their country home. The party was in honor of E. H. Albers, on his birthday. Supper was served to Mr. and Mrs. A. A. Alexander and family of Amarillo, Mr. and Mrs. Odie Collins of Happy, Mrs. Harbert and daughters of Dumas, Mr. and Mrs. Gene Root and Nancy, Mr. and Mrs. George Albers, Mrs. Catherine Albers, Phyllis Albers and Marvin Albers.

BARBARA BARKER ENTERTAINS FRIENDS

Barbara Barker entertained a group of her friends in her home Thursday evening, November 14. Games were played, after which refreshments of cheese sandwiches, cookies, candy, punch and apples were served to Joann Oliver, Bert Brown, Frances Holman, Fritzi Hogge, Phyllis Barcly, Jean and Wilda Pitt, Clarence Maynard, Merle Pitt, Hollis Maynard, Roger Dugan, Kenneth Fisher, Troy Thurman, Dan Stone, Mr. and Mrs. Lester Hogge, Mrs. Ralph Barcly, Mr. and Mrs. Clyde Mullins and family, John Barker, Mr. and Mrs. George Barker and the hostess, Barbara Barker.

Mr. and Mrs. W. T. Oliver returned Tuesday from a 10 day visit with Mrs. Oliver's mother and other friends and relatives in Brownsville.

Mrs. Wayne Somerville of Wichita Falls has been visiting in Canyon with her sister, Dr. Ima Barlow, and her mother, Mrs. Ida Barlow.

JUST ONE THING

Student: What's the date, professor?

Instructor: Never mind the date; finish the exam.

Student: I just wanted to have something right on my paper.

Advertise—or be forgotten!

Nazis Planned To Bombard N.Y.

Were at Work on Secret Weapon Meant to Crush City; Never Finished.

WASHINGTON. — One of 136 secret weapons Hitler's scientists were at work on at the end of the war was a bomber designed to bombard New York, army air forces has disclosed.

It was described by Col. D. L. Putt, deputy chief of the air material command's technical intelligence division in a report published in the Army Air Forces Review. The bomber was expected to reach 154 miles above earth. It never was finished, but Putt expressed belief that "time was the only obstacle" to its completion.

"The Germans hoped to destroy any city on earth with a fleet of 100 of these bombers in a few days' operations," Putt said.

Design 'Mother' Rocket.

Putt, who drafted an intelligence division report on Nazi developments of guided missiles and other ultra-modern weapons, said one giant long-range winged rocket, which was in the design stage, was to carry smaller rockets. These were to take off on their own at a specific point, attain speeds up to 5,800 miles an hour, and finish their trajectories in a long glide. The range of this weapon was calculated at 3,000 miles, sufficient to span the Atlantic.

Other weapons listed in a resume of Putt's report included rockets with which the Nazis hoped to break up the Allied bomber formations which leveled German cities.

Putt said the German missiles "used every known type of remote control. In similar fashion, all methods of employing jet propulsion were being exploited."

Specific secret weapons listed by Putt included these principal types:

Enzian — Winged anti - aircraft rockets, 17 feet long, carrying 990 pounds of explosive, and controlled by radio. Intended for use against formations of heavy bombers.

Wasserfall—Twenty-six foot anti-aircraft rocket, similar in design to the V-2, controlled by radio, and later by means of radar tracking. It had the highest priority for development at war's end.

More Rockets.

X-4 Ruhrstahl — Six-foot rocket bomb launched from fighter aircraft and controlled from the fighter through two four mile lengths of wire.

Fritz X—Armor piercing, radio controlled bomb used against Allied ships at Salerno landing.

HS 117—"Butterfly," rocket propelled, radio controlled missiles to be launched against bomber formations at 560 miles an hour. They were in large scale production in an underground factory.

Rheintochter—One of latest anti-aircraft missiles, rocket propelled to 48,000 feet altitude at 1,100 miles an hour, carrying 330 pounds of explosive.

A-4—Better known as the V-2, this rocket was the Nazis' greatest actual achievement in missiles with a range of 250 miles and top speed of 3,500 or more miles an hour. About 10,000 were made.

Putt reported guided missiles relatively the cheapest of weapons. The entire V-2 program was estimated to have cost the Germans 21 million dollars. Counter-measures of the Allies were calculated to have cost four times as much as the entire German flying bomb program.

Lovesick German Maid Slays Soldier Friend

FRANKFURT.—A lovesick German housemaid, angered because her United States army boy friend was being redeployed and didn't seem to care, shot and killed him with his own service revolver in the soldier's army billet.

Provost Marshal Col. R. J. Connolly said the pajama-clad body of Tech. Sgt. Steve Chinchar of Tuscarora, Pa., was discovered by another G.I. who found plump Fraulein Ingeborg Fischer standing by the corpse, revolver in hand.

Miss Fischer will be tried by a military court.

Sends Check to Pay $1 Fine—With Explanations

TACOMA, WASH.—Jane Bradley, Tacoma police court clerk, received this note from a violator of parking regulations, along with a $1 check:

"Attached parking ticket and my check. Excuses? 1. My watch is in the pawnshop. 2. My wife is expectant. 3. My son knows more than his school teacher. 4. I have just lost my job.

"With no complaints—the cops have treated me fair in my 25 years in Tacoma."

Vienna Death Rate Twice '30 Figure, Says Report

LONDON.—The mortality rate in Vienna, Austria, in 1945 was treble that of 1930 and twice as many people died last year as in the war year 1944, European headquarters of the United Nations Relief and Rehabilitation administration reported. The report said the suicide rate has increased dangerously. Compared with 670 in 1943 and 408 in 1919, there were 1,723 suicides reported in 1945.

Mark Twain, the famous author, was red headed.

Highland News

A large crowd attended the Community Basket Supper and picture show sponsored by the P-TA at the Wildorado school last Friday night.

Mr. and Mrs. Temple Jarnigan are the proud parents of a young son, born Monday, Nov. 11. Mrs. Jarnigan and baby have left the hospital and are now at the home of Mrs. W. Cretsinger.

Little Eddie Sharp became seriously ill Saturday, Nov. 9, and has been in the hospital since that time.

Mr. and Mrs. E. C. Paxton visited in the Fulton home last Thursday evening.

Mr. and Mrs. Tom Watson visited in the Fuqua home last Tuesday evening.

Mrs. J. C. McKaughan of Amarillo, Mr. and Mrs. Harvey Fuqua of Borger, Mr. and Mrs. Howard Fuqua and Mr. and Mrs. Carl Fuqua were dinner guests of Mr. and Mrs. Jack Cage at Myers' Restaurant in Amarillo last Thursday evening.

Mr. and Mrs. J. R. Sharp and Sidney are visiting relatives in Iowa and Colorado.

Miss Joan Fulton entertained the young folks of Wildorado at her home with a "Sadie Hawkins" party Saturday evening, Nov. 9.

Jack Cage and Frank Talley hunted deer near Canadian Saturday and Jack got his 8-point buck that day.

Mrs. L. E. Mason honored Lee's birthday by serving his room with a dinner Nov. 8.

Joan Fulton has recently been initiated into the Lone Star Assembly of Rainbow Girls in Amarillo.

Mr. and Mrs. Truman Miller were dinner guests at the Howard Fuqua home Saturday evening.

Mrs. Howard Fuqua and Mrs. Carl Fuqua were guests of Mrs. Jess Hill last Tuesday when she entertained the Bushland H. D. Club.

Mr. and Mrs. Arthur Norman of Tucson, Ariz., visited relatives and friends in Amarillo and Wildorado recently.

Mr. and Mrs. L. J. Fulton were supper guests at the Fuqua home Sunday evening.

LOCKETT CIRCLE GUESTS AT ROSE WALKER CIRCLE

The Rose Walker Circle of the First Baptist Church had as their guests, Mrs. G. W. Rose, Mrs. Lula Johnson, mother of Dr. Roy L. Johnson, and the Lockett Circle, Tuesday afternoon in the home of Mrs. J. C. Dowd.

Mrs. T. T. Fain, circle chairman, presided and the meeting was opened with a song and a prayer. The devotional was conducted by Mrs. C. Anderson. Mrs. J. W. Norvell gave a review of the mission book "Now Is The Day," during the study hour.

The hostess served dainty refreshments to Mrs. Rose, Mrs. Johnson, and members of the Lockett circle, Mrs. G. C. Cole, Mrs. Henry Cone, Mrs. C. W. Dunn, Mrs. Ora Henderson, Mrs. W. H. Harden, Mrs. R. C. Yarborough, Mrs. T. W. Langston, and members of the Rose Walker circle, Mrs. E. B. Anthony, Mrs. C. Anderson, Mrs. J. G. Burnett, Mrs. G. B. Combs, Mrs. C. O. Cooper, Mrs. T. T. Fain, Mrs. R. E. Gill, Mrs. J. D. Key, Mrs. W. E. Laughery, Mrs. L. C. Ruthardt, Mrs. C. H. Stratton, Mrs. I. M. Steen, Mrs. M. E. Sorgee, Mrs. J. W. Spark, Mrs. George Small and Mrs. Norvell.

EDITH BOYD CIRCLE MET AT BAPTIST CHURCH

The Edith Boyd Circle met in the parlor of the First Baptist Church on Tuesday afternoon at 3 o'clock. The program consisted of a report on the mission book, "Now Is The Day," given by Ester Mae Harden. Members present were Mrs. Ester Mae Harden, Mrs. Edna Minor, Mrs. Joe Hurd, Mrs. Virginia McLaury, Mrs. Ruth Shero, Mrs. Ocie Lou Parsons, Mrs. Ruby Carver, Mrs. Willie Langford, Mrs. Idena McBroom, Mrs. Ruth Henson.

CARD OF THANKS

We wish to thank the city fire department and others who helped them, for the splendid cooperation and fast work they did in putting out the fire last week at Randall Motor Company. Through their help the damage to the building and equipment was held down considerably.

T. S. Stevenson, T. S. Stevenson, Jr., Gerald Warwick, Doug Loudder, Happy McAtee, Fred Jennings.

FIRST CHRISTIAN CHURCH

The First Christian Church will hold a fellowship supper at 7 p. m. Thursday, Nov. 21. Speaker at the meeting will be Dr. J. L. Russell of West Texas State. Special music is planned.

EPISCOPAL CHURCH

Regular services will be held on Sunday, November 24 at the All Saints Protestant Episcopal Church, with Sunday School at 9:45 and Holy Communion and sermon at 11:00. The Rev. Walter R. Scott of Plainview will be here to conduct Holy Communion service.

Shockers Drop Thrilling Game

Hectic Final Quarter Produces Arguments And Freakish Plays

In a fourth quarter complete with tongue lashings, bickerings, pass interceptions, ball stealing, fumbles, 30 yard penalties and freakish plays, the West Texas State Buffaloes managed to gather in seven points and a 7-6 victory over Wichita University Friday night.

Victory came the hard way for the Thundering Herd after the hard-running Shockers crossed the double stripe early in the first quarter but couldn't kick the extra point. This proved to be the margin of scoring in the game.

In winning their fourth straight win on Buffalo field, the Maroon and White, spotted with injuries, used most of their reserve players in an effort to get a scoring combination together.

Wichita scored the first time they got their hands on the ball. Fred Silverthorn, eely-hipped Shocker back, zipped around right end for 25 yards and a touchdown. The play was called back with a five-yard penalty against Wichita. Not to be denied, the Kansas squad came right back and marched on across for a legal counter. A host of Maroon shirted Buffs broke through and blocked the try for extra point.

Immediately upon assuming possession of the ball, the Buffaloes began a sustained drive which carried them to the Shocker 24 before their attack bogged down. After an exchange of punts, the Buffaloes powered down to the two yard stripe where Boyce Box fumbled and an alert Wichita player covered the ball.

Threaten Again

In the second period, the Miller men ran their way inside the ten once more only to lose the ball on a fourth down incomplete pass. The half ended with the ball in possession of the Ralph Graham's boys near mid-field.

Striking hard and fast in the third stanza, the Buffaloes flew to the one yard line on the wings of a Joe-Willoughby-to-Boyd-Williams aerial. Willoughby fumbled on the next play but recovered after losing five yards. The ball then went over on downs.

Game-incurred injuries, topped by pre-game injuries, culminated in the sending in of second and third string backs early in the fourth quarter.

Mid-way in that quarter, the Shocker quarterback decided to attempt a running fourth down play instead of a kick and the Maroon and White line held. From their own 40, R. A. Boyter, burly Buff fullback, and W. N. Reimers, another reserve, ploughed their way to the Wichita 20 from which point Reimers attempted a pass.

Anton Houlik, Wichita back, intercepted the ball and was immediately tackled by Boyce Box. In the mix-up, Box stole the ball which gave West Texas a first down on the ten yard line. Reimers skirted left end to the one-foot line before being stopped. Big Boyter bucked the line as the ball slid from his arms and fell across the double marker. Box fell on the ball and gave West Texas State a touchdown.

Winning Point

After a penalty on the first try for extra point, Junior Melton kicked the ball through the uprights to produce the winning point.

Heated arguments ensued between the referees and the Wichita coach and players with the outcome being a 30 yard penalty against the Shockers. This put the ball on the Wichita 30 yard line from which the Buffaloes kicked off.

Unable to gain, the Kansas team punted out on the 35. After two plays, Reimers swooped around left end to score standing up. A flag on the play called the counter back and the Buffaloes were penalized. The game ended a few plays later.

Umbarger News

Pauline Bracht, Ormalene Brockman, Lucy Anne Skarke, Lillian Grabber, Pauline Lorwald, Herman Hersog, Ernest and Richard Friemel, Elmer Reinart, Nick Hollenstein, Mr. and Mrs. Vincent Skypala and son, Mr. and Mrs. Dick Conley, and Mr. and Mrs. John Wieck and family were dinner guests in the home of Mr. and Mrs. Paul Artho, Sunday.

Vets Can Consult Bradley Tuesday

Ned Bradley of the veteran's administration in Lubbock will be in Canyon every other Tuesday beginning November 26 to discuss current problems with ex-GI's.

Any veteran having a problem concerning insurance, compensation, pension or hospitalization, may see Bradley at the VA office in Canyon, between 10 and 4.

To retain a design or lettering which appears on furniture, canisters, breadboxes which you wish to repaint, spread a thin coating of melted wax with a fine brush over the design or lettering. This preserves the design.

We were served a steak the other day which the chef said was "ze piece de resistance." And it sure did resist.

LET'S HAVE A *Heart-to-Heart* TALK ABOUT THIS

You believe in life insurance. That's why you are a policyowner. And you believe in your family, too. You want that little girl to grow up in the neighborhood where you've built your home. You want your wife to have that home as long as she wishes to keep it. And if anything *should* happen to you, you want her to be able to bring your little girl up under the teaching and guidance that only a mother could give her. You *don't* want your wife to have to leave your child in some day nursery all day long while she works—or looks for work.

That's why you bought your life insurance, isn't it—to take care of them.

Well, let's look at your life insurance. Will it do the things you want it to do? If you have $2,500 of life insurance, it will provide your beneficiary with $50 a month for about four and a half years. Is that enough? Will that assure them of that home—give them food and clothing, and the necessities of life you'd want them to have if you were not here to provide them? Is that enough to give that little girl the start in life you want *your* daughter to have?

Let's have a heart-to-heart talk about your life insurance today. Helping you to outline a plan of protection to do the real job you *want* life insurance to do for you is a part of our service, and a request for detailed information will not obligate you.

Finch Furthers Chapel Building

Donor of one of the three large gifts made toward completion of the projected inter-denominational chapel, O. A. Finch of Stratford has contributed $1,000 to the fund, President J. A. Hill announced today.

"We still need some $15,000, which we hope to get in time to let a contract May 1, 1947, providing building conditions permit," avers Dr. Hill.

Consistent benefactors of the college, seven members of the Finch family are life members of the Panhandle-Plains Historical Society. Several years ago they presented to the museum a portrait valued at $1,000 picturing Judge O. H. Nelson of Amarillo, early president and charter member of the historical association.

O. H. Finch gave $1,000 to the museum, a donation largely responsible for the resumption of its construction, and his brother, Frank Finch of Memphis, has also been contributor of a large amount.

Wife of the Stratford rancher and businessman who has become the most recent name on the list headed "Builders of the Chapel," is the former Olive Pendleton, once a student here.

BOYCE HOUSE "Gives You Texas"

There are some people whose first question, when any proposal is advanced, is:

What is there in it for me?

These people do not believe that a man will do anything unless he expects to reap a financial benefit for himself.

And yet you know of parents who sacrifice for their children—preachers content to make a bare living in order to preach Jesus Christ and Him crucified—teachers who go on teaching when they could make more money in something else—because they love to teach.

Some of the finest "breaks" I've ever received came because some friend perceived an opportunity and thought of me as the man for the opening. That was a disinterested act, a service rendered to a friend.

When you do something generous and unselfish, you do get something out of it: you get the satisfaction of doing something for others.

Back when I was a newspaper reporter, I attended two funerals on successive afternoons. One was the funeral of a financier and theatrical producer. He had made millions but he had forgotten to make friends. There was not a moist eye at the service.

The other funeral was that of a school janitor. They held the service in the school auditorium; it was felt that the scene of his labors should be the place where the last rites for him should be held—besides, there was not a church in the community big enough to hold all who wanted to attend.

He had been hard-working, honest, honorable, quiet, unpretentious. The teachers respected him. The students and all the thousands who had been students during the many years he had served, loved him. Three ministers took part in the service; all three had tears in their eyes as they spoke.

Making money is all right, but there are other things to life—for example, doing something for others.

John Bunyon's Pilgrim's Progress has been translated into more than 100 languages and dialets.

Advertise—or be forgotten!

ATTENTION MOTHERS! If looking for a better remedy for Children's Chest Colds try Durham's Nu-Mo-Rub, the new Guiacol-Camphor treatment. Remember—double the purchase price refunded if you do not find this Modern Chest Rub more effective—35c and 60c at Canyon Drug.

Football Squad and Guests Dine Friday Evening at Fall Banquet

Superintendent Wooten Is Mcee for Annual Affair

Surprise! Surprise! Highlighting the social activities for the week is the 1946 football banquet which will be held Friday evening at 7:30, in the upper hall of Canyon High School.

Each year mothers of the football squad honor the members of the team with a banquet at the close of the season.

Parents Invited

Tihtry-three members of the 1946 squad each with the privilege of inviting parents and a guest are to be dining, but not wined "on Mother's home cooked food." The menu is to be secret until banquet time, but judging from those of former years, it will probably include fruit cocktail, roast beef, or chicken, vegetable salad, string beans, irish potatoes, pie-a-la-mode, and lemonade.

Superintendent Wooten will be master of ceremonies and will invite guests to talk on appropriate subjects.

The games of the season will be recalled and discussed with the idea of formulating plans for a greater success in 1947.

High school girls are already making beauty parlor appointments and shaking out best dresses that have been hanging in closets for the past summer in anticipation of being one of the lucky ones who will be invited.

Mrs. C. O. Elkins will be in charge of decorations which will feature ideas pertaining to the gridiron. Bill Davis, sports reporter of the Eagle's Tale, will be in charge of the program.

Veterans Initiate Club Greenhands

Greenhands' hands were painted green for the initiation Wednesday, November 13, an annual occurence for FFA classes.

Older members were testing the Greenhands on the knowledge of the Creed for three days.

After the groaning and moaning and blood shedding of the ordeal, they were carried through the regular initiation and the officers instructed them as to the duties and obligations of new members. Bronze pins worn by the Greenhands will be received in a few days. The membership of the Canyon Chapter has now increased to fifty-five.

Mr. Hickman, Mr. Burtz, Mr. Sanders, Coach Wheelock, and a few of last year's old members witnessed the initiation.

LET'S KEEP BACKING 'EM

How would you like it if you changed your business and none of your friends would come to see you?

Well, that's about the way the basketball boys and girls will feel if they don't get some support from us.

No matter if you can't get to every game, (but you ought to do your best) you could at least let the people know that you're for Canyon High.

It will also make any adult feel younger if he plays once in a while. Maybe you can't play basketball, but you can come and see the Eagles and Eaglettes play! Then you can yell, relax and remember your childhood days.

The Egyptians were the first among the ancient peoples to have maps.

Come on you kids and gather around me and I'll give you some hot news. I'm telling you, I have been a very busy person this past week.

That little Mary Ruth Hill wasn't doing so bad Saturday night. I saw her with that cute, Carroll Wilson.

Billie Bonds is happy once again because she was with Ray McDonald Friday night. Wonder how Jack Ratjen feels about this?

Who was that "wow" of a guy you were with in Amarillo Saturday night, Zonelle Gregg? You seemed to be having a gay time too.

News has it, that Elsie Haven is crazy about Ridings Sloan. Now, what do you think of that?

Did you know that Orville Turner and Maxine Barnard went together Saturday night? Oh, yes, she went with him to the senior party, Tuesday night, too.

From what I've been hearing, the juniors must have had a swell time at that party they had a week ago Tuesday night.

It seems that the Canyon High School gals really took advantage of Sadie Hawkins week. Here's a few of the couples I saw: Louise Blewett and Guy Brant; Faye Dickerson and Max Bellah; Rita Gunter and Donnell Ruthart; Marselete Wilson and Billy Payne; Katherine Furlow and Walton Byrd; Betty Ross Craig and Jimmie Wooten; Geraldine Small and Gerald McDuff; Bertha Lee Lindsey and Dwight Moore; Jean Hill and Bill Davis; and Helen Spencer and Red Woolsey.

Say, how does she do it? Betty Ruth Thompson went with Weldon Hacker Monday night and again Saturday.

It surely is a good thing I went a sneaking off down to that Tulia-Hereford game Friday, because I can give you some low down, such as when I saw Martha Jean Avent and Marvin Fite, Juanita Avent and Dick Barrett, Frances Gooch and James Guthrie, Janey Forester and Troy Burrus, Martha Wilson and Clifford Burtz, "Rusty" Davis and Sue Gillespie, and Frances Standley and Austell Burrus.

Awards Granted Several Classes

Winners of the five dollar award for one hundred per cent membership in PTA this week were Mrs. Mrs. Walsh's fifth grade. The sevond grade, Mrs. Goodman's third grade, Mrs. Jones' fifth grade, and Mrs. Walsh's fifth grade. The seventh grade in the high school also won one of these awards.

We are very much pleased with the results of the membership drive. This money will be used to buy books for the library," states Miss Fronabarger.

After some short preliminary numbers, including: "Valse Charmante," played by Dorothy Neblett, "Rondo Alla Turka" with Merle Bullard at the piano, and two duets by Diane Prichard and Betty Jones: "Bells in the Steeple" and "Sun of My Soul" and "America The Beautiful" sang by the entire assembly. Rev. Robert W. Jones addressed the PTA on the subject "Teach the Spirit of Gratitude."

A short business meeting was then held and the patrons were counted. For the grade school Mrs. R. B. Davis' third grade and in the high school the seventh were the winners of the one dollar prize for having the largest number of parents present.

The Homemaking Department was open to parents wishing to leave their small children there during the meeting.

Grade Notes

Mrs. Collins' first grade is enjoying their new book-corner. Two goldfish, Goldie and Blacktail, are new additions to Mrs. Black's first grade.

Mrs. Davis' second grade has some new books which were bought with the $6 in prize money received from the PTA.

Anna Marie Barker, of Mrs. Goodman's third grade, went to Canadian over the weekend.

Most all the rooms are displaying Thanksgiving pictures. Borders with a man chasing a turkey are prevalent.

National Education Week brought the following visitors to Mrs. Cousins' fourth grade: Mrs. R. A. Burrus, Mrs. DeVaney, and Mrs. Beavers.

Bonnie Faye Bonner, Lucy Hollabaugh, and Delbert Rogers were absent from the above room because of illness.

Mrs. Cousins, Mrs. Brasher and Mrs. Walsh gave a tea for the teachers Wednesday afternoon honoring Miss Fronabarger on her birthday.

Mrs. Jones' 5-J and Mrs. Walsh's 5-W are planning a play, "Along The Wagon Trail," to be presented Wednesday, November 27. Mrs. Walsh is preparing the dances and Mrs. Jones, the dialogue. The 5-J room is also working on western murals to be used in the play.

Thanksgiving Sociable Is Given November 19, in Canyon Gym.

Seniors had a Thanksgiving party Tuesday night, November 19, in the gym. Charles Wright, social chairman, Billy Abbott, James Guthrie, Cordell Mahler, and Gracie Boyd, his committee, were in charge and made all of the necessary arrangements.

They played a mixture of games, suitable for the season.

Room-mothers served the refreshments.

Pedestrians should look first to the left, then to the right, before crossing a street. Traffic coming from the left is nearest.

Juniors Determine Likes and Dislikes

Taking a poll of the juniors likes and dislikes the following varied interests are found.

A dish that makes Max Bellah's mouth water is fried oysters. While we're talking about food, there is Rita Gunter, who's favorite fruit is raw cranberries. Eating steak, gravy, potatoes, and other victuals when he can get them (that is) is the hobby of James Bible.

Going to football games is Nancy Nicklaus' favorite pastime. Clifford Burtz likes to play football better than any other game. He plays right end on the Eagles team.

Two boys from the class who like basketball are Austell Burrus and Marvin Fite.

Animals take the interests of a number of the juniors, especially Frances Standley. She likes cats better than dogs but there's one dog she likes better than any cat she ever saw. He is a cute little dachsund by the name of "Pug."

Ruth Lill and Colleen Prichard like horses best of all because you can ride them.

When the word animal is mentioned, Jones Hales always thinks of Holstein cows (because he raises so many of them.)

Those who enjoy things that deal with home economics best are Earlene Davis, Billie Bonds, Joyce Carter, and Pauline Seales.

Elmer Mickey's favorite pastime is shooting paper wads.

DID YOU KNOW THAT—

Dorothy Gafford now wears an engagement ring.

Janie Forester claimed Bobbie Lee for her name until her fourth year, when she changed it.

Five proposals are to Mrs. Vernon's credit (but only one of them was her husband's.)

M. E. Rhodes was one day too old to play basketball and football this year.

James Meroney and Ruth Prichard visited school during the past week.

There are just 184 steps in the CHS building for the students to climb.

"Don't Take My Penny" is the name of the Junior play which they hope to present December 19. The Juniors tried out for parts Tuesday, November 19 and started work on it the next night.

Mrs. Bartlett returned to school Monday, November 18, after a five weeks absence during which Mrs. L. T. Devin substituted for her in her position as librarian.

Betty Schuette plays the pipe organ and piano. She is studying to be a musician.

Ruth Prichard, an ex-senior of Canyon High, is leaving Wednesday, November 27, for Springfield, South Dakota, to attend Southern State Teacher's College, where she will major in Elementary Education.

Warning to veterans: No matter how good it seems, if you must put up money to get the job, the whole thing is a swindle.

Seniors Purchase Scoreboard-Clock

Senior gift to the school was ordered Friday, November 15, it is an electric basketball time-clock and score board combination.

It will be installed in the grade school gym at one end of the basketball court, high enough that all players, officials and fans, alike may see at a glance what the score is and also the number of minutes remaining in the game period.

There is only one other basketball scoreboard and time clock which is operated by a remote control located in a high school within eighty miles of Canyon and it is at Dumas.

The students hope to have it here and ready to operate in time for the tournament, December 14-15, when there will be a formal presentation.

Junior High Students Take Remedial Courses Daily

Beginning this week, Junior High School students will be permitted to take remedial courses increasing their knowledge of basic subjects.

Work will include special devices to aid in reading ability, handwriting, number combinations, and grammar.

Remedial experts will outline courses to be given by Junior High School instructors. Regular classes will be held each day with students rotating from different sections of the classes as their knowledge increases.

"I am hoping by this method to raise the standard of work done in our school to a much higher level," states Superintendent Wooten.

Members Select Graduate Cards

Seniors had a called class meeting Friday, November 15, to discuss and select invitations. A salesman from Schmidt Engraving Company, of Waco, Texas, displayed several different samples.

The class as a group selected their choice. They will cost around 9½ cents apiece, less a discount of 10% if the class as a whole orders over 1000 engraved calling cards. The engraved calling cards will be $2.50 a hundred, printed cards cost $1.25. Each student ordering 100 calling cards will receive a Memory book free.

By Jean Hill

Girls, in physical education classes, are studying the fundamentals of basketball such as: new passes, rules, and points of guarding. "They are learning fast and seem to like it very much," states Miss Grace Aaron, coach.

Basketball is also the main sport in the boys' classes.

The Eaglettes played a basketball game with a team of college girls Friday afternoon in the college gym. The score at the end of the game was 41-32 in favor of the college. Bobby Jean Ford made the first score of the game for the Eaglettes which incidentally was the first tally in about nine years.

This is the first time we have had a girls' basketball team in nine years and we are all looking forward to their coming season with much eagerness.

During the football season this year, the Eagles scored 200 points. this was an average of 22 2-9 points per game. The opponents scored 97 points with an average of 10 7-9 points per game.

Charles Wright topped the individual scoring with 117 points. From second high down was: Billy Abbott, 57; Lee Bailey, 12; Richard Walters, 6; Cordell Mahler, 6; and James Guthrie, 2.

Let's show the same spirit to the basketball teams as we did to the football team! Come on, back those Eagles and Eaglettes one hundred per cent.

CHS Journalists Visit Times Office Thursday Afternoon

Journalism students of Canyon High School visited the Amarillo Times, Thursday, November 14. They were showed through the entire plant by Bob McCarroll, managing editor of the Times.

The complete class did not go on this trip and the ten that did were: Frances Gooch, Guy Brant, Bill Davis, Martha Wilson, Jean Hill, Larry Rouche, Geraldine Small, Othello Pruitt, Louise Blewett, Robert Fisher, and Mrs. Nora E. Gilmore, sponsor. They rode to Amarillo in a school bus driven by Reverend Phelps.

This is an annual trip for this class and they plan to visit the Amarillo Globe next spring.

Assembly Program Features Shows and Announcements

Students assembled Friday, November 15, at 11:15 in the auditorium to see a picture show.

Several announcements were made by Supt. E. A. Wooten pertaining to the annual deposits and that school would be dismissed Wednesday afternoon, November 27 for the Thanksgiving holidays.

Eaglettes Ferret Fighting Ability

First Home Game To Be December 3 at 8 O'clock

For the first basketball game of the season, the Eagles and Eaglettes will play at Vega, Saturday night at 8 o'clock.

Possible players for the Eagles game are: James Guthrie, Marvin Fite, Billy Abbott, Charles Wright, Wilbert Long, Richard Walters, and Austel Burrus.

Thirty boys reported for basketball practice when the first call for players went out, but in the due course of elimination, about twenty-two players only are left and rearin' to go.

Practice Begins

Regular practice for the Eagle squad began last Tuesday. The boys and the girls team alternate with the use of the grade school and the high school gyms for practice.

Work-outs will be a daily affair and players must meet certain scholastic standards to remain eligible.

Prospects Good

"Prospects are good for having a first rate basketball team this season," states Coach Wheelock.

Miss Aaron, speaking for the girls says, "Our girls have plenty of spirit and ought to really get in there and hustle at the game Saturday night."

Representing Canyon on the Eaglettes team will be: Bobbie Ford, Martha Jean Avent, Dorothy Butler, Janie Forester, and Wanda Jean Edwards as forwards; Mary Sue Foster, Juanita Avent, Chloe Ann Black, Frances Gooch and Joanna Haines as guards.

The first home game, a return game with Vega, will be played in the grade school gym, December 3, at 8 o'clock. Both teams, the Eagles and the Eaglettes, are to play and the first-stringers will have been chosen by then.

School will be resumed Monday, December 2.

The seniors and freshmen then adjourned for classmeetings.

The remainder of the classes, not needing a classmeeting, stayed to see motion pictures about South America and "The Stray Lamb."

Great and wealthy states like New York, with twice the population and 10 times the wealth, pay less to old-age pensions than Texas.

Maroon Journeys To Arizona For Border Conference Tilt

With high hopes after their 7-6 upset of powerful Wichita University Friday, the West Texas State Buffaloes will board buses Thursday morning for a trip to Tempe, Arizona.

There on Saturday night in Goodwin Stadium, the Maroon and White will close out their season in a conference game with the improving Arizona State Bulldogs.

While the Thundering Herd was bumping over a sharp-shooting bunch of Wichita Shockers, the Steve Coutchie coached eleven struggled to a 13-13 tie with the Flagstaff Lumberjacks in a homecoming clash in the Valley of the Sun.

The boisterous Bulldogs, after trimming down a candidate list of 107 hopefuls, tackled the Williams Field Flyers and came away with a 6-6 deadlock. In their first conference tussle, the Tempe titans bowed to the University of Arizona 67-0 but bounced back the following week to trim Pepperdine College 13-12.

Traveling to Reno, Nevada, the Bulldogs again suffered a decisive defeat, this time at the hands of the Nevada eleven 74-2. In a game played at Sweetwater, the Maroon and Gold fell before the high-riding Hardin - Simmons Cowboys 46-6.

Their second conference encounter saw them tear a 14-6 victory away from the New Mexico Aggies. Two weeks ago the Arizona squad succumbed to the Muckers of Texas Mines 34-20 and Saturday brought about a 13-13 conference tie with the Arizona State Lumberjacks.

West Texas State, a hot-and-cold game team, has a chance to end their season play with a .500 average if they can master Coach Coutchie's boys.

The Buffaloes started off the year by dropping three consecutive contests to Texas Tech, Houston University and New Mexico respectively by scores of 26-14, 14-12 and 6-0. They powered back the following week to mark up their initial win over Colorado College 13-12. Drifting into El Paso, the Buffaloes staged a great last quarter rally before falling 26-20 to the Miners of Texas Mines.

Before a happy homecoming throng, the Maroon eked out a 21-14 win over the New Mexico Aggies and followed that up with a 20-0 shut-out of Flagstaff.

They held powerful Hardin-Simmons scoreless during the last half of the game at Abilene but lost 28-7. Friday night saw the injury-riddled squad upset the University of Wichita 7-6.

Injuries are still numerous among the Canyon aggregation. Omar Jordan, Burl Pruitt, Cecil Caraway, and Charles Hester will not see any more action this year. O. C. Rampley and Metz LaFollette are on the crippled list but will make the trip to the Arizona city.

Arizona State of Tempe has won the Border Conference in 1931, 1939 and 1940. Twice they have been the host team in the annual Sun Bowl game at El Paso.

Wayside Items

Rev. Chas. J. Eastes of Amarillo Assembly of God Church filled his regular appointment Sunday morning. His wife accompanied him and they were dinner guests in the W. I. Lane home.

Mr. and Mrs. Lem Fisher and Elaine and little Melba Ann Fisher of Canyon attended church services at Wayside Sunday morning.

Mr. and Mrs. G. R. McNeil of Wichita Falls visited over the week end in the parental M. L. McGehee home.

M. L. Sluder is in the Amarillo General Hospital under treatment.

Mr. and Mrs. Linder Hagains and daughter Linda Faye and Mrs. Bonnie Sluder and Evelyn of Happy were supper guests in the W. R. Franklin home last Tuesday evening. The Hagains are from Port Neches but expect to make their home in this part of the country.

John Patterson is having a stock well drilled on his west quarter near the highway.

Peggy Spann is spending a few days with her grand mother, Mrs. J. M. Malone in Amarillo who is ill.

Mr. and Mrs. Clifford Stevens are entertaining a new son in their home. He was born Nov. 11.

Rev. Geo. Stuart, who has been in the hospital at Temple, has been brought home and was able to attend services Sunday with Mrs. Stuart. We are certainly glad to welcome them back after an absence of several weeks.

Mrs. W. R. Franklin prepared a birthday dinner Sunday for 2 of her little granddaughters, Sharon Gale Franklin was 2 years old Nov. 13 and Carolyn Sue was 4 years old Sunday. Their father and mother, brother and sister were also present, and Mr. and Mrs. Willie Modisette.

Mr. and Mrs. W. R. Franklin were Happy and Canyon callers Saturday afternoon.

When melting honey that has crystalized, be sure to loosen the jar lid before you put the jar into the hot water. Tightly closed jars may burst.

Jowell Items

We welcome Mr. and Mrs. T. C. Gooch, Tommy and Frances into this community.

Mr. and Mrs. Ben Buecker and family visited Mr. and Mrs. J. L. Iribeck and family at Happy Sunday.

Mrs. Jim Westfall of Pantex visited Saturday night in the parental W. F. Bonds home.

Miss Louise Dietz and Miss Shirley Moon of Amarillo visited in the home of Mr. and Mrs. G. A. Dietz Friday.

Mr. and Mrs. Roy Montgomery visited Saturday night with Mr. and Mrs. I. H. Hollabaugh.

Misses Louise Blewett and Jeannie Irvine of Canyon spent Sunday night with Laverne Hinders.

G. J. Bonds and G. J. Jr., Mr. and Mrs. L. J. Bonds and Kenneth and Bob Shamblee visited in the home of Mr. and Mrs. W. F. Bonds Sunday evening.

J. H. Barrett left Sunday morning to attend a Farm Bureau meeting in San Antonio.

Mrs. M. A. Nix from Shamrock is visiting her brother Earl Davis and Marian Davis this week.

A hand grenade will explode in four seconds after the ring is pulled.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Methodists To Build New Student Center

With a site just west of the museum already chosen for the building, Methodists will finance a new student union on the campus of West Texas State College by completion during this conference year of a state-wide campaign to raise $26,000.

"In furnishing a lounge, gameroom and general meeting place for students enrolled here, we hope to provide a home away from home," explains the Rev. Hubert Thomson, pastor of the First Methodist Church in Canyon.

Part of a plan to construct similar centers for all state schools, the proposed project will be managed by one full-time employee and student workers.

The Rev. L. N. Lipscomb of the First Church at Sweetwater is in charge of garnering funds in this Northwest Texas District.

To revive blanket nap after laundering, hang the blanket up over the shower rod or towel rack nearest the bath tub. Fill tub with hot water. Nap will fluff up.

Skjold: My faith could move a mountain.

Mrs Skjold: Then you had better apply some of it to those ashes in the basement.

Tilling with a Hundred Teams of Steel

More power on the farm means more food . . . more jobs.

If a farmer had three teams of horses twenty-five years ago he was well equipped. Now, with over two million tractors and thousands of other power producers, most farmers command the equivalent of : : : a HUNDRED TEAMS.

Wise use of their power, which can be packed into a few tons of steel, is enabling U.S. farmers to keep abreast of unprecedented food requirements. It is one of the secrets of national progress.

Steel horsepower does more than produce bigger crops with less labor. It has released, for production of human food, millions of acres once needed to feed horses and mules, and has created thousands of new jobs for town and city people who process and sell the increased harvests.

The benefits of farming with steel are the result of teamwork between farmers and industry. The farmer knows what he needs; industry knows how to supply it at a price he can afford. This teamwork must continue if America is to remain a land of abundance.

Farmers need still more power. The country needs still more food. Uninterrupted industrial production will permit industry to catch up with the pent-up need for more farm power.

Palo Duro News

Hubert and Alvin Kuhlman were hosts to members and friends of Trinity Walther League of Amarillo Sunday afternoon and evening in the Herman Kuhlman home. A hay ride was the main attraction of the afternoon, while competitive ball games were also played. Supper was served to Mr. and Mrs. Elmer Schultz, Mr. and Mrs. Howard Meiners, and Everett, San Bernadino, Calif., Mr. and Mrs. A. E. Kampen, Rev. and Mrs. M. J. H. Hartenberger and children, Gerhard and Eric Rogge, Leroy and Lawrence Boehning, Helen, Oscar, Wilma, and Betty Schuette, Phyllis and Marvin Albers, Ed Otting, Werner Fluegel, Paul Richardson, Betty Ann Miller, Mesdames Ida Rogge and Pauline Wendelken, Mr. and Mrs. Herman Kuhlman and the hosts.

Enroute from Barrington, Illinois, to San Bernadino, Calif., Mr. and Mrs. Howard Meiners and Everett spent several days in the Henry F. Miller home.

Dinner guests in the Emil Albers home Sunday were Mrs. Tom Harbert and daughters of Dumas, Mr. and Mrs. Alexander and children of Amarillo, Mr. and Mrs. George Albers, Mr. and Mrs. Gene Root and Nancy, Mr. and Mrs. Odie Collins and sons, Mrs. Catherine Albers, and Miss Phyllis Albers.

Lawrence Boehning arrived home on terminal leave last week after having spent several months in Japan.

Men of this community gathered in the Henry F. Miller home Thursday evening to discuss possibilities of improving the rural telephone line.
